19* OSRAM™ 4-In-1 CWWW LEDs + Zoom

ProPar™ Z19 CWWW LED fixtures offer superior white color mixing abilities and brightness thanks to its 19* 15-watt, high power CWWW OSRAM™ LEDs, and its 5°-60° degree zoomable beam angle is an awesome dual function wash/ beam effect to add to any light show! Like the other lights in our ProPar™ line, it also sports a rugged cast aluminum chassis and provides exceptional quality, coverage and ease of use at a MUCH lower price than other fixtures in its class.

Users have the ability to run built-in programs and perform finely tunable CWWW color mixing with or without DMX control, the ProPar™ Z19 CWWW is perfect for architectural work and installs as well. Two mounting yokes add positioning flexibility, and a slew of built-in programs in DMX allow the it to be programmed with ease.

In DMX mode, you can control the fixture with either 5/7 or 9-channels. You'll have full control of many features such as CWWW color mixing, strobe, dimmer, and 30 built-in programs. The 4-button LED control panel also allows total control over the fixture including auto run settings, sound active mode, and CW/CW/WW/WW color balance settings!

This fixture is available with either black or white housing, and matching bardoors are available (sold separately.)
