

# SOLO ARTIST SYSTEM APP GUIDE

Solo artists have the benefit of complete creative control over their song writing, style and performance. A lot of passion and personal experience can be expressed by playing out on your own. But without the accompaniment of a full band to create big musical moments, many solo artists are not given a second look.

Amplify your solo performance with the new Crown XLS DriveCore™ 2 amplifier. This suggested system is perfectly matched using only HARMAN products paired with the latest and greatest Crown amplifiers. Don't ever let your music be misrepresented again. This is a professional sounding system that will give you and your songs the justice you deserve. HARMAN wants to provide the full support for your musical expression and give you the proper tools you need to Be Heard.
